

POSITIVE MEDIA

Are you tired of all the negative media out there, fueled by over-glorified celebrities, made famous only by showing too much skin, having too many babies, or getting in too many barfights?

Thought so.

We at Positive Media think that people (yes, even "ordinary" folks) should be honored for the admirable things they do. So, if you want to find out who gained 10 lbs., cheated on his spouse, or behaved like a 5 year old throwing a temper tantrum before bedtime, go check out any other media outlet.

We think that kind of attention is *so* 2008.

If you'd rather hear a positive spin on things, then you've come to the right place. After all, positivity, like negativity, is contagious.

Positive Media. We're changing the way media is done, one good story at a time.
